THE TOWN AND YOU

What do you owe your own town? There's a fact which is often overlooked by citizens in general, namely that they owe something to the town in which they live.

The sidewalks you walk on, the streets you drive on, the water in your homes, the lights you read by; these and many other things were obtained by the constructive effort and foresight of others.

Some of us go on year after year, partaking of the benefits which the town affords, but undertaking none of the responsibilities which it imposes. We are only too free and willing to comment on and criticize the actions of others; but when it comes down to taking a hand, we are not among the number.

We allow others to be school trustees, but send children to the schools; we allow others to be aldermen but eagerly criticize their mistakes; we allow others to join the Board of Trade, and feel free to disparage their activities; we take the advantages, but get from under the obligation; and then say to ourselves: "This is a dead town."

A town composed of critics and drones is bound to be dead, it cannot be otherwise. Criticizing alone never made anything; finding fault alone never brings results; it takes a constructive effort to build anything.

Sacrifice a little of your own time for the benefit of the rest of the citizens. It is not actually a sacrifice but a duty which you owe the rest of the public and yourself.—Cowan Leader.

THE WHEAT BOARD

D. H. Galbraith, M.L.A., made the following observations in the debate on the second reading of Bill No. 1: "An act to confer certain powers upon the Canadian Wheat Board."

Yesterday the Hon. The Attorney-General referred to my constituency (Nanton) as "The Home of some of our big wheat farmers."

Now I would like to bring you a message from those farmers. On July 18 we held a constituency convention at which a resolution endorsing the formation of the wheat board was passed almost unanimously.

There is a saying "That people are down on things they are not up on." Mr. Speaker, the debate at the present certainly proves the truth of that saying.

As a practical farmer I will tell you how the present system works out. The farmer places his wheat in an elevator and draws an advance on it to settle his threshing, labor and other obligations. Then the speculator by manipulation reduces the price of wheat to a point where the farmers' equity is gone and his wheat is sold. It is this "pitching out system" that forces the farmers' wheat out of his hands at the lowest possible price. In the present system the greater bulk of our wheat goes into the hands of the grain men in some four months and for the balance of the year the market is supplied by these grain speculators. Under wheat board we aim to supply the market month to month direct from the farmers. It is not our aim to raise the price of wheat to the consumer, but we hope to distribute the money that now goes to middlemen among the producers and thus help thousands of farmers instead of a few millionaires.

I. O. O. F. OFFICERS

Officers of Three Local Branches Are Installed

District Deputy Grand Master, B. Snyder, of Carmangay, assisted by Messrs. Phillips, Manning, Jacques, Ritchie, Clark and Armstrong, installed the officers of Samaritan Lodge, No. 91, as follows: Junior Past Grand, Gordon Hanna; Noble Grand, Walter Mays; Vice Grand, Blake McCullough; Secretary, Geo. Pettman; Warden, A. H. Wark; Chaplain, C. Layman; Conductor, Thomas Guy; Right Supporter of N.G., Wm. Wellington; Left Supporter N.G., Jos. Kennedy; Right Supporter V.G., Jas. Donaldson; Left Supporter V.G., D. E. Geddes; Inside Guardian, Tommy Logan; Outside Guardian, E. Clark; R. S. Supporter, A. Fennel; L. S. Supporter, David Sherman.

District Deputy Chief Patriarch, A. Hanna, assisted by Messrs. W. Armstrong, E. Clark, W. Bowie, and D. Doane, installed the officers of Vulcan Encampment, No. 14, as follows: Junior Past Chief Patriarch, D. Doane; Chief Patriarch, H. Marcellus; Senior Warden, Blake McCullough; High Priest, H. Nixon; Recording Scribe, Gordon Hanna; Junior Warden, C. McDonald; Guide, L. Seaman; First Watch, John Dewie; Second Watch, H. Erskine; Third Watch, George Galbraith; Fourth Watch, W. Teskey; Inside Sentinel, W. Mays; Outside Sentinel, E. Barnett; First Guard of Tent, A. Middleton; Second Guard of Tent, H. Manning.

District Deputy President, Sister A. Williams, assisted by Sister M. Terry, Sister McCliment, Sister L. Farrand, Sister M. Ritchie, Brother C. McDonald, Sister J. McPherson and Brother E. G. McPherson, installed the officers of Clover Leaf Rebekah Lodge, No. 37, as follows: Junior Past Grand, Sister E. Doane; Noble Grand, Sister M. Roe; Vice Grand, Sister L. Terry; Recording Secretary, Sister E. Hodge; Financial Secretary, Sister M. Eshom; Treasurer, Sister E. Hodge; Warden, Sister M. McPherson; Conductor, Sister C. Layman; Right Supporter of N. G. Sister M. Terry; Left Supporter of N. G., Sister Gladys Daines; Right Supporter of V. G., Sister Winnie Daines; Left Supporter of V. G., Sister May Bennett; Inside Guardian, Sister J. Sherman; Outside Guardian, Brother Dewie Doane.

LOCAL ITEMS

Mrs. Schench and daughter went to Taber on Saturday to visit Mrs. C. Hall for a few days.

Mr. and Mrs. T. B. LeBow and family left on Sunday for Gull Lake where they will holiday for a couple of weeks.

Mr. Joe Stolz and his mother, Mr. Mark Hill and Miss Mary Johnson, leave on Thursday for Banff, where the party will holiday for a time.

Mrs. F. L. Simington and children who have been spending a few weeks holiday at Sylvan Lake, returned to town on Friday morning.

Mr. and Mrs. L. A. Wright and family returned Sunday from Sylvan Lake where they have been staying for a few weeks.

Mrs. F. D. Smith and children, of Coaldale, are visiting in town, guests of Mrs. Nicholson and Mrs. Brickbank. Mrs. Smith is one of the old-timers of Vulcan.

BASEBALL LEAGUE

Stavely Changes Places With Barons In League Leadership

The league games of last week, both played at Barons on Wednesday, did not change the luck or the position of Vulcan in the least degree. We are last in the league, and there are not sufficient games now to play to make it possible to get any higher. But the locals have contributed their bit to make the league the real success that it has been. Everything has gone along fine with the league, and the towns in the district, both in and out of the league, have got from it some of the best baseball entertainment possible.

The tournament at Barons was great. You could not beat it in Chicago. The first two games were league games, and the third between the winners of these was for the tournament prize. Carmangay defeated Barons by a score of 3 to 0. It was a real ball game. Stavely and Vulcan were the contenders in the second game, the score being the same, with Stavely the winner. Carruthers pitched a splendid game for Vulcan, striking out fourteen men. But Stavely was playing just about perfect ball, and though Vulcan played their best game of the season, they could not win. To keep so close as they did in a game like this is entirely satisfactory, and retains the support which they have been receiving in good measure even through adversity. It is the ambition of our boys to beat every team in the league yet this season, and as they are now shaping up better every minute, they will just about do it.

The final game was between Champion and Stavely, and the count was this time 4 to 0, with Stavely again the winners. Haynes pitched both games for his team, and made the unusual record of winning two shut-out games in one afternoon. The Stavely bunch look the best to us in the league and are the general favorites as the league winners. But you can never tell.

A league that can produce the entertainment that was furnished at Barons is indeed an asset to the district and a real delight to the ball fans. Just take a thought, did you ever hear of a half day tournament with three games, and all three shut-out games, and the total of runs only ten. We doubt if this has ever been equalled anywhere, and certain it is that the play would do credit to the best league in the business.

LOCAL ITEMS

Mrs. Sam C. Stewart has as her guest Mrs. L. D. West, of Lethbridge.

Mr. A. G. Spooner left on Sunday by motor for his ranch in the Black Diamond district.

Dr. D. R. Wark who was called to Ontario owing to the sudden death of his mother, returned home the latter part of last week.

Dr. Carson and family and Geo. Buck and family, left on Friday by car on a fishing trip through the Crow's Nest Pass.

Misses Rilla and Margaret McCutcheon, of Edmonton arrived in town on Saturday evening and will visit for a couple of weeks, the guests of their uncle and aunt, Mr. and Mrs. D. R. Wark.

The picture of a Vulcan baseball team of years ago, the one mentioned last week, has been added to the bunch of photos in Spooner's window. These make a very interesting collection, and they are the object of interest to the present day fans and players who stop to pick out the old boys they know who used to play the game in Vulcan.

Roy Walker is another of our citizens who is proud of the place in which he resides. His home is one of the many which gives class and appearance to Vulcan. He is an alderman and a member of the Community Club, and he gives a lead to many in civic undertaking and private enterprise. As we passed along and looked over the fence into his premises it was a pleasure. There were flowers in variety and profusion, shrubs and plants in fine arrangement and the trees he planted are looking fine. We are pleased to tell of the pretty places that we have in Vulcan.

There are now resident in the Vulcan district and other local sections a number who were residents in High River about twenty years ago. The High River Times last week printed the suggestion of a re-union of the twenty-year old boys of High River now in this district. The idea is one advanced by Mr. Blake McCullough, and it is a good one. Among the old boys here and hereabouts are Reeve Sinclair of Marquis, Mr. John Dewie of Vulcan, The Advocate man, and Mr. Jack Schmidt of Blackie. We know that there are many others, but their names do not come to us just now. On with the idea. Others who can qualify may send in their names and addresses to The Advocate and we will be pleased to further the proposition.

LOCAL ITEMS

Mrs. Leverington and Mrs. Kettleson expect to leave this week for a month.

Mr. Scruton of Calgary, conducted both services at the Union Church on Sunday.

Mrs. H. E. Clifford returned on Tuesday from Seattle, where she has resided for some months.

Dr. C. Galbraith, formerly of Vulcan, now of Seattle, is at present visiting with Mr. D. H. Galbraith.

Mr. R. L. Armer, of Macleod, has accepted a position as junior on the Bank of Commerce staff here.

Mr. D. H. Galbraith returned on Tuesday morning from Edmonton where he has been on business.

Mr. McMahon, who has been relieving as manager at the Bank of Hamilton is now relieving at Nanton.

Misses Ethel and Ella Hodge, returned on Saturday from Granum where they have been spending their vacation.

The premises adjoining the shop now occupied by Me-Wort, the tailor, will be opened by a first-class milliner on September 2nd.

Miss Bernice Porter, of the local telephone staff, left on Saturday evening for Kerrobert, Sask., where she visits for a couple of weeks.

Miss Mildred Hall, director of Chautauqua arrived in Vulcan on Monday, and in connection with the local committee, is making preparations for the big week of entertainment.

The Advocate man is indebted to Mr. and Mrs. B. Shimp for the pleasure we had at the Barons baseball tournament, they having taken us on the trip. And it was fine for us and a satisfaction to the ball team to see so many Vulcan people there.

Mr. Tarrell, owner of the Reid Hill coal mine, has an advertisement of interest to everyone in this issue. The hot weather makes us for a time forget the necessity for coal, but the strike situation will make the question of fuel a serious one this winter.

Red Cross and Vulcan ball teams played a game at the local park on Monday night. It was splendid. The score was seven to four. Willard Love pitched for Red Cross and E. Kehr for Vulcan. When these two teams get together there seems to be a mix-up in the players, for Red Cross furnishes some of the best players for our regular team.

We were right when we said that Vulcan was on the highway from everywhere, and just after noting the passing of an auto from New Mexico along comes another from Oklahoma. In it came Mr. and Mrs. L. Holmes, who are guests in Vulcan of Mr. and Mrs. Thomas. It is a long way from Oklahoma to Vulcan, but the trip was made with but little trouble, and the travellers had a pleasant journey through several States and into Canada.

The girls are back from their camping holiday at High River, and have been back about a week. They had, as we said before, a whale of a time. During their last days in camp they were under the chaperonage of Mrs. Shimp, who directed their ways and their plays to the pleasure of all. They made many friends over there, chief among whom was Mr. Massey, who resides near the camp and who never missed an opportunity to show a favor and kindness to the campers.

Time makes changes. Harry Jacques, who has for some years been in business as a jeweller in Vulcan, has decided to quit, and this announcement will go to thousands by mail through the medium of large posters printed in Vulcan by the Vulcan Advocate. We are pleased with the printing we do and our patrons are more than satisfied. But this is not all, the posters convey a message of interest to all who value a real buying opportunity.

The Gerline Free Reading Library in Calcutta, India, makes an appeal to us for a free copy of The Advocate. It is explained that the library and free reading room has been in existence for ten years to supply a long-felt want of an institution of the kind, and that there are merchants, officers and general readers, ladies and gentlemen of various nationalities among its members who are eager to read our excellent paper. And we are going to send it, so that the folks away in far-off India may read of us and the doing of this community.

Mr. S. H. Mattock was in town on Tuesday. He has been in hospital and seriously ill for some time, and at first opportunity came to Vulcan on business in connection with the O. K. express, of which he is the manager. This auto truck service has been in operation for a week or more and thus far has given splendid satisfaction, and with the appointment of R. Barber, of the General Service Garage, as Vulcan agent, the service will be still better. Mr. Mattock places value upon advertising and makes the columns of The Advocate the medium for an announcement to business people and others.

LOCAL ITEMS

Mr. Roy Walker returned on Tuesday from Calgary where he spent the week-end.

Mrs. C. E. Henry left his week for Gull Lake where she will holiday for a couple of weeks.

Mrs. Kennedy of Seattle, is at present visiting in the Vulcan district, the guest of her daughter, Mrs. H. C. Heath.

Mr. and Mrs. M. J. Jacobson and Miss Clara Jacobson, who have been visiting at the Coast, returned to town on Saturday.

Don't forget the two ball games, Carlsland vs. Vulcan on Friday night, and Gleichen vs. Vulcan on Monday night. Both games commence sharp at 6 p.m.

It has been decided to organize a company of cadets in Vulcan, and the enrolment of members is being taken care of by L. S. McDonald at the Bank of Commerce.

Mr. Gus Jensen, Mrs. Leighton, Mrs. Jim Lucas, motored through town on Saturday on their Sheerness, where they will visit with Mrs. Leighton's daughter, Mrs. Stafford.

Mr. Jenni John, who visited here for a few days last week from Sylvan Lake, returned on Saturday. Mrs. Vanskiver, Miss Jennie Cook, Miss Ena Watt and Bruce Vanskiver accompanied Mr. Jenni John back to the Lake.

Mr. George Ecker has recently been appointed manager of the local Pioneer elevator. This elevator has not been in operation for a year or two, but is being put in shape for business this fall. The elevator men here are a darn good gang, and George is a real fellow. There will be some size to the grain trade when they all get going this fall.

W. C. Wagner, of Nanton, was a visitor in Vulcan last week. Mr. Wagner is president of the Nanton Agricultural society, and everywhere he went he left a poster announcement of the Nanton exhibition. He has youth and pep and will give to his society the punch that is expected to give Nanton the best fair they ever had. Vulcan band and baseball team will figure in the features of the event, and Vulcan will send a bunch of patrons.

The baseball program for the week at Vulcan, so far as at present definitely arranged, includes a game with Carlsland on Friday at six o'clock, and a game with Gleichen on Monday at the same hour. These games will afford the first opportunity for the new pitchers to perform on the home grounds, and there are many local fans only too anxious to see them work. Let's all go to the games and give the support necessary to make a good finish to the season. "Red" Seivers, whom everybody here knows, is expected home any day and will likely be in these games for Vulcan.

We have just received an interesting booklet from Miles Anderson. He is the fiddler who used to play here sometimes in the orchestra with Dooley Ober and Cap. Hardaker and the bunch. He is now in Honolulu, and the booklet he sends illustrates pineapple growing and the immense industry of canning and shipping the fruit. Besides picturing all the features of the business, there is a photo of the firm's baseball team, champions of the mercantile league, a dozen or more likely looking chaps, and all Hawaiians.

The Calgary morning paper on Monday contained a half column report of a fatal auto accident on the road north of the city, when A. E. Bowers, a well known Airdrie farmer, was killed when a Ford in which he was riding turned a complete somersault following a collision with a Studebaker. Mr. Bowers had just bought the car and was on the way home with his new purchase when the accident happened. Local interest in the sad event is increased by the fact that the victim of the accident is a brother-in-law of Mrs. Chris. McDonald of Vulcan, and Mr. and Mrs. McDonald went north to attend the obsequies.

Vulcan Citizen's Band was one of the many features of the U.F.A. picnic at High River on Thursday last, and the members of the band describe it as the best picnic they were ever in the whole day—something doing all the time. Besides the contest and competitions, races and sports, baseball and other things, they had callithumpians, a force of money policemen and a kangaroo court—and there was heaps of fun. These police pinched some of the band boys. They wanted Simington, the rascal, but something went wrong with their intelligence department, and the inoffensive Tommy Lebow by mistake was made to suffer embarrassment and humiliation. But it was all great fun. The band contributed their portion to the success of the event and are now better friends than ever of the folks over there. They played over forty different selections, and their repertoire included everything from jazz to opera.

Something New and Nice

TuttiFruittIceCream

Made by the Crystal Dairy, and will be on Sale for the first time in Vulcan at the Liberty Cafe on Saturday—the first day of the Chautauqua.

THE VULCAN ADVOCATE

VULCAN, ALBERTA

TO RAISE A GRAIN CROP

How much a farmer depends on rain can be judged from the fact that under general farming conditions about twenty inches of water are necessary to raise a crop. Translate inches into tons and we have the rather startling figure of 2270 tons of water necessary to grow an acre of crops. A soaking rain that without cost will spread some two hundred tons of water over every drought-ridden acre is a boon beyond reckoning.

GRAND TRUNK AWARD

The Board of Arbitration in connection with the Grand Trunk award of which there has been such a hub-bub in the British press, made the discovery that the accounts of the railway company had been "manipulated" for years by the directors of the Grand Trunk, which lead the Canadian government to discard their agreement and demand instant possession of the entire Grand Trunk system. The shareholders should not blame the Canadian government, but should ensure their own directors and the long distance administration with which the railway company was saddled. Recent evidence brought out has served to open the eyes of the British public on the situation.

THE WHEAT BOARD

The majority of people will agree with General Stewart, M.P.P. for Lethbridge who said in a speech in the legislature on the proposed wheat board, that if it would only add one to two cents a bushel to the price of that wheat it would mean \$600,000 or \$700,000 for the farmers in his district and he would take off his hat to the men who would put that much in the pockets of the producers. Referring to the depression in value of farm products he said that from November, 1919 to November 1920 the average depreciation in value of all farm crops amounted to 28 per cent. From spring time to November 1, 1920 only 33 per cent. depreciation occurred. So that to put in his crop the farmer was at immense cost and reaped 33 per cent. less returns. Farmers were getting tired of service charges, and should not stand for overages, screenings and other burdens any longer. He produced statistics showing that for every dollar spent for agricultural products 37 cents were for the cost of production, 14 cents the profits and 49 cents the service costs. The 49 cents should be wiped out and it was to be sincerely hoped the wheat board would do so.

ENFORCING BLUE LAWS

There are some people down at Concord, New Hampshire, who believe that what is good for the goose is good for the gander, says the Toronto Saturday Night. It seems that complaint was made against some boys for playing ball on Sundays in the fields surrounding Concord, and they were informed that under the old Blue Laws which have never been repealed, their actions were illegal. Thereupon ex-Senator Martin stepped into the breach, laying a formal complaint against the members of the Beaver Meadow Golf Club, who were driving the "pill" about on the Sabbath. He also informed one and all in Concord that if base ball could not be played on Sundays by the boys, he would initiate proceedings to clamp the lid on all Sunday amusements, including the use of the automobile, the selling of newspapers, music, indoors or out, and so on. If people really wanted a dead town, he would make it as dead as a wooden Indian. Senator Martin does not believe in playing favorites in such matters. He maintains that if blue laws are good for one class of the community they must be beneficial to all. At any rate he is going to try the experiment.

PITHY PARAGRAPHS

(Kincardine Review)

If Germany could capitalize duplicity it could avoid bankruptcy. Hon. T. A. Cresser, M.P. took no part in the Manitoba Provincial elections. There is a Liberal Government there.

We knew a man once who did not ask for a transfer or an increase in salary for over a year after he got into the civil service.

Speaking of the various things that can be done by a motor car we may point out that the London Free Press is edited by A. Ford.

The ballot paper in Winnipeg in the elections last Tuesday was nearly two yards in length. A sho would come in handy as a ballot box.

Sir Harry Lauder has been speaking to Manchester Botanians on "Thrill." We could wish that every public speaker was as well versed on his subject.

Ralph Connor had an interview with Ex-President Wilson immediately before the United States declared war against Germany. It was really Ralph Connor who won the war.

Hon. George Graham is being boomed as chairman of the National Railways in the place of Hon. D. B. Hanna. If he had been in the employ of the national railways last year, Mr. Hanna would not have allowed him to be a candidate for parliament.

Cricket is coming back. As usual it took its time.

But then anthracite coal always was hard coal to get.

We knew a clergyman once who never talked about his "field."

Too bad that everything should be so unsettled after Lloyd George has settled everything.

Germany wants a moratorium. We have several second hand ones in Canada she can have. We would not have had them in stock were it not for Germany.

Alberta will require about 4,000 men to harvest the coming crop.

A temple costing \$3,000,000 is to be erected in Ste. Anne de Beaupre to replace the one destroyed, according to an announcement of the Redemptionist Fathers.

Kincardine man says he cannot understand why any man who doesn't want to work should object to another man working. Personally he says nothing gives him greater pleasure than seeing other men work.

Isn't it just sweet of Mr. Drury to praise Sir Wm. Hearst for his courage in passing the Ontario Temperance Act? And yet he must on occasion feel like the young man who said "I have so much trouble settling the estate that I sometimes wish father hadn't died."

Glenelg Council declined with thanks \$50 offered by Mr. G. M. Leeson, M.P. out of the \$600 bonus he drew at the last session of the Legislature. Glenelg Council probably, and if so properly, thinks that if he was not entitled to draw it, he is not entitled to distribute it.

DUNHILL PIPES

I have just received a fresh stock of these famous hand made London Pipes. These pipes are very scarce and difficult to get.

Come in and look them over.

VULCAN ALBERTA

NOTES AND COMMENTS

All will be well when Ireland settles down and the other nations settle up.

Only two Canadians have incomes of over a million dollars. Wonder who the other one is.

In the year ending June 30 there was a net decrease in the public debt of the United States of \$1,014,068,844 to \$22,963,381,708. Thus the national debt of our neighbor across the line has been cut by over a billion dollars. Would that Canada could say the same.

"In retracing the tortuous path of the youthful criminal," says the director of the Chicago Crime Commission, "it is seldom found that the trail leads back to the playground, the diamond, the athletic field or the community centre. The young delinquent has, in the majority of instances, grown up in the atmosphere of the saloon, the pool room and similar hang-outs."

The Financial Post suspects that the Red element at Winnipeg will again attempt to influence harvesters to go on strike for higher wages after the harvest season starts. To prevent that, it would be well to see that a sufficient number of men are brought to the west to take of the harvest at a reasonable wage.

Despatches from Marion, Ill., state that the organ of the Miners' Union boasts that forty-six "scabs" were done away with in the recent outrage at Herrin. This is a terrible arraignment of organized labor. If the union leaders themselves are not responsible for planning this awful crime then it has been shown that they have lost the confidence of their followers and losing this they cannot expect to hold the confidence of the public.

CLOUD OF HOPPERS

An unusual sight was witnessed at Blackie on Friday when attention was attracted to a cloud of hoppers passing over the town, at a height of from 35 to 100 feet, and travelling in a north easterly direction. They could only be seen from a certain angle and they were distinguished as hoppers by the laggards that straggled at a low height, some alighting on the ground. We can only surmise their destination, which was probably Edmonton, but they were several days late if they desired to be there at the special session of the legislature. The entomological department at Lethbridge recently notified the official at the High River Aerodrome to be on the look-out for such swarms, but during the course of patrol work, our aviators did not come across any swarms in their flights. Had the aerodrome officials been notified of the appearance of the cloud of hoppers at Blackie an endeavor would have been made to investigate what kind of hopper it was. No doubt they alighted upon some fields of grain to feed upon in course of their migration and if so farmers should capture some and send to the department at Lethbridge for investigation purposes.

FOUR MILLIONS A MONTH

The Globe points out that the National debt is increasing at the rate of four million dollars a month. The business of a finance minister is to raise revenue at least sufficient to meet this or to reduce expenditure to the level of revenue. This is difficult of course. Canadians do not appreciate what the debt amounts to and are perfectly willing to have the government go on spending so long as some of the spending is done locally. All will be well when Canadians accept taxation cheerfully or at least resignedly and cease asking the government to spend money on enterprise that can wait.

An increase of \$9,526,785 is reported in the value of brewery products in 1920 over the preceding year. The total value of beer, ale, stout, and porter was \$28,588,622 as against \$19,133,837 in the preceding year, an increase of \$9,454,785. The total value of all products increased from \$20,169,074 in 1919 to \$29,695,859 in 1920.

THEORY VERSUS FACTS

In an editorial under the above heading, the Edmonton Evening Bulletin says:

Mr. H. W. Wood says that wheat prices will never be "stabilized" until Canada sets up a compulsory wheat board. He might have added that the price never was stabilized in the sense that he means except during the war, and that it never will be stabilized in that sense again unless Europe reverts to the system of Government buying. The Canadian wheat board did not set the price for wheat, and neither did the Canadian Parliament, except nominally. In reality the price was fixed by the Governments of Europe which were then the only buyers allowed in the market; and the wheat board could not hold them up for its own figure even under war conditions. What stabilizing was done was done by the Government buying commissions overseas, not by the Canadian wheat board. We had "controlled" marketing, but Europe controlled the price. The board controlled the Canadian wheat crop to the limit, but it did not make the price at which it was to sell wheat, and didn't even know when it bought wheat from the farmer what it was going to get for it. If a Canadian wheat board could not take Europe by the throat then it certainly cannot do so now. The war is over. The governments of Europe are not buying wheat. France alone last year raised more wheat than Canada; and with Russia out of business—Europe produced about four times as much as the Dominion. Mr. Wood's hearers might ponder these facts when he talks to them about setting up a Canadian wheat board to control the price of wheat by holding up the supply. As well talk about dictating the world price of tobacco by controlling the product of Essex county.

THAT CHEMICAL WEDDING

One of the most delightful and prepossessing events of the season took place when Miss I. Dine, one of the most charming of the Halogen sisters, entered into a union with Ben Zene, one of the distinguished Hydrocarbons. The wedding march was effectively rendered on the blow pipe by the accomplished young organist, Miss Moll. E. Cule. The bridal party appeared, led by the youthful ushers, Cy Anogen and Peter Oleum, and the bridesmaid Ethyl Alcohol and Molly B. Date.

The bride charmingly veiled in a wire gauze, carrying a beautiful bouquet of Flowers of Sulphur, tied with a Magnesium Ribbon, entered on the arm of her father, Ben Z. Line. At the same time the groom with his best man, Nickelous Hydroxide, came down the aisle and met the bride by the Mortar, where by the soft light of a Bunsen Burner a short but impressive service was held by the Reverend Bro. M. O. Sessler.

The Toronto Star says there are many rules for log measurement but the chief rules are the Doyle, Champlain, Scribner and International. There is another rule called the Golden but apparently is not used in log measurement.

PROVINCIAL NEWS

The Agricultural hall at Stettler was destroyed by fire on July 29. Loss was about \$3,500.

Ontario apple growers completed arrangements for the co-operative marketing of a very large percentage of the 1922 apple crop.

Some grain experts insist that the crop from the prairies will exceed any crop since the magic year of 1915. Everyone hopes that it is true.

Sixty members of House of Commons and House of Lords will tour Canada during September as guests of the Montreal Board of Trade.

Chicago visitors told Toronto friends that Toronto is more like Chicago than any other place, and visitors and guests blushed most unbecomingly.

The sessional indemnity bill provide for a payment of \$200 to the members of the Alberta legislature who met last week to discuss the wheat board.

The premier of Manitoba is under 40 years of age, and the premier of Saskatchewan is younger still. The prairie develops political sense at an unusually early age.

The products of British Columbia's leading industries in 1921 ranked as follows in value: Timber, \$92,000,000; Agriculture, \$64,000,000; Mining, \$42,000,000; Fisheries, \$14,000,000.

Drilling on the Thompson Oil Company's property on the bird sanctuary, at Pakowski, in Southern Alberta, has commenced, and it is the intention of the drillers to go to a depth of 3,500 feet.

The strength of the Canadian dollar in New York improved again during the week when the discount fell below 1 per cent. to 3/4 from a mark around 1 1/4 a week ago. Considerable business was done below the 1 per cent. mark.

The livestock men have good friends at court in Hon. Charles Stewart and Hon. W. R. Motherwell. These ministers understand the western cattle situation and will do all they can to lessen present obstacles that impede the stockman's progress.

The volume of business handled by the Egg and Poultry Marketing Service of the provincial government in Alberta has grown three hundred per cent over last year. More than twenty carloads of eggs have already been handled this year by the service.

Raising the excise tax on cigarettes has resulted in a great reduction in the use of the weed. Incidentally, the cigarette taxes fell considerably more than half a million dollars below the estimate made by the minister of finance when he made his budget speech in June.

Toronto coal consumers are discussing the question of getting a supply of Alberta coal. They have figured it out that it will cost them from \$22 to \$25 a ton. If we can get this market for our coal it would help greatly to improve conditions in this province providing the coal strike ends before long.

Crop reports covering all parts of the province received by the general superintendent of the Canadian Pacific Railway in Calgary are decidedly encouraging. Ideal weather has prevailed, crops are coming on rapidly, and in the majority of instances the wheat is heading out. Most districts report ample rainfall with every prospect of further moisture.

Following the report last week of the expansion of the Ford Company of Canada, it is further reported that Dodge Brothers have secured a large piece of property in Windsor and that they will shortly put up a large plant. It is further announced that Reo Motor Car Company has purchased fifteen acres of lands in Sandwich for a similar purpose.

The Alberta Government is at present collecting material for an all-Alberta motion picture which will present provincial life in all its phases for the information of the people of the province, and the attraction of interest from outside sources. Farming, industrial, educational, social and other interesting lines of Alberta life will be congested into four reels of film.

The re-organization of the permanent military force in Canada involving a reduction of 450 officers and men, brings the strength of the organization down to approximately 3,350. It has been calculated that on the average, including both officers and men, each member of the permanent force costs Canada about \$1,200.

What is stated to be a record shipment in dairy produce for this port left one day during the week when a single vessel carried away a cargo consisting of 55,254 packages of butter of which 46,294 packages were shipped by local exporters and 8,960 packages by Western houses. The total weight of the cargo was approximately 3,600,000 pounds and valued at about \$1,150,000.

"Riches have wings." "Yes, but bad judgment brings on many a nose dive."

A country youth travelling in a railway carriage proudly exhibited upon his breast a large silver medal. A military gentleman sitting opposite, noticing the medal, and curious to learn the nature of the deed for which the brave lad had been rewarded, ventured to remark—"Pardon me friend, but may I ask what decoration it is you are wearing?" "Oh, ay," was the proud reply, "That's the prize our coo won at the cattle show."

LEASING SCHOOL LANDS

In order to render all possible assistance to municipalities and agricultural societies in their endeavors to secure sites for recreational and exhibition grounds, the federal government has decided to authorize the leasing of school lands for these purposes. All applications must be approved by the provincial government of the province in which the lands desired are situated. The area each municipality or agricultural society may lease is limited to eighty acres at a nominal rental of \$1.00 per annum.

The province of Alberta will send an exhibit of grains and grasses to all the big fairs in the western states. The exhibits will be shown in Dakota, Iowa, Minnesota, Nebraska and Colorado, and should prove of great interest to the people across the line.

THE VULCAN ADVOCATE

Trade-at-Home Campaign

Many Still Love to be Humbugged

It was a famous American showman who declared that the American people love to be humbugged. That saying is many years old now but sometimes it seems that there is about as much truth in it now as there was when it was first uttered.

People as a rule do not like the idea of having "something put over" on them, but the way in which the great mail order houses in the big cities flourish it seems that a great many people do not mind it a bit.

The business man who when he gets a call for an article which he has not in stock, attempts to substitute some other article of a similar nature without telling the buyer of the substitution, is "putting something over" on his customer. Few retail merchants nowadays attempt to do a thing of that kind. The great majority of merchants do not do this for two reasons. One reason is that they wouldn't do it if they could and the other is that they couldn't do it if they would. The man who buys an article over the counter and sees what he is buying before he pays for it, is pretty sure to get what he wants.

ORDERED SHIRT, GOT PYJAMAS
But there is another class of merchants, of which the same thing cannot be said. A man who has been closely connected with some of the big mail order houses is authority for the statement that the heads order houses have standing orders to substitute with the nearest thing they have if the articles ordered of the various merchandise departments of many mail orders, a man who ordered a dress shirt from a mail order house received a pair of pink pyjamas instead. It is easy for the mail order house to get away with this substitution of another article for the one that is ordered, for the reason that to exchange an article received from a catalogue house is a costly undertaking.

EXCHANGES ARE COSTLY
If mail order buyer is disappointed in his purchase as he is very apt to be when he compares the article upon its arrival with the picture and flowery description which appeared in the catalogue, the wisest plan is to take what he gets and make the best of it, for every time he sends an article back to be exchanged he is piling up the express or freight charges and even if the article is exchanged as requested, the buyer is not apt to fare much better on the second attempt.

BERRYWATER NEWS

A rousing meeting was held at Berrywater Friday evening, July 21, when Mr. Smith, Bow River director, and Mrs. Hill, sub-director, Enchant, addressed a crowded gathering. Both addresses were full of inspiration. Mr. Smith stressed the educational work of the U.F.A., the political action taken being one of the minor accomplishments, rather than the most important. He also emphasized the value of the district convention. Mrs. Hill touched on the problem of the feeble-minded in Alberta, the need of the parents being familiar with the public school course of studies and the work being done for the physical betterment of boys and girls through outdoor camping vacations supervised and arranged by some locals.

Visitors from outside locals contributed greatly to the enthusiasm and enjoyment of the meeting, making us realize just a little what a district association would mean.

Mr. Smith was called on for a song and his song "You Better Pull Down the Blinds" brought storms of applause.

Sandwiches, cake and lemonade were served and a social time spent, after which the gathering dispersed.

On Wednesday, July 26, the Berrywater U.F.W.A. met at the home of Mrs. Alex McIntyre, where they entertained the Reid Hill Institute and the ladies of Kirkdale U.F.A. The meeting opened by singing "O Canada." A duet by Mrs. Roy Adams and Mrs. McRoberts, also a recitation by Mrs. Donald Sinclair were much enjoyed. The lengthy part of the program was a debate, "Amendments to Criminal Code, Re. Control of Conception." Mrs. Oldfield and Mrs. McBride from Berrywater, taking the affirmative and Mrs. Clifford and Mrs. Haggerty from Reid Hill, the negative. Strong arguments were presented on both sides of the question and while the judges were in session over the decision, considerable valuable discussion took place among the ladies of the audience.

Mrs. Campbell, president of Berrywater U.F.W.A. expressed the pleasure of that local in having with us the Reid Hill Institute and the Kirkdale local. Mrs. Army expressed the pleasure and appreciation of the Institute and Mrs. McRoberts, that of Kirkdale. On account of the lateness of the hour, the meeting was about to adjourn before the judges returned, the adjournment being interrupted by a glimpse of the ladies returning. A closely contested debate was reported, the decision being given in favor of the negative by one point. On account of the lateness of the hour, the vote of thanks to the judges, Mrs. Herman Spankie, Mrs. Gordon McKay and Mrs. Donald Sinclair, also one to the debaters, heretofore mentioned, was inadvertently omitted.

A social time was spent during the partaking of a delicious lunch.

The next meeting of our local will be held at the home of Mrs. James

Stein, Friday, August 1. Mrs. La Chapelle will give a paper on "Home Decorating" and Mrs. D. Sinclair will demonstrate on "Safed Dressing". Suggested roll call either of above topics.

BRANT NEWS

Mr. Joe Heckle was a business visitor in Vulcan Friday.

Mr. "Dad" Fletcher was a business visitor in Calgary Friday.

Mr. T. J. Parker was a business visitor in Vulcan Friday.

Mr. E. McDougall of Calgary is visiting Miss Agnes Holden.

Mr. Lloyd Journey was a Brant visitor Saturday and Sunday.

Mr. and Mrs. D. McDonald and son Donald motored to Calgary Tuesday.

Mrs. John Eversman is confined to her home with an attack of Pleurisy.

Mrs. Geo. McKay and children are visiting this week with relatives in Nanton.

No man can accomplish anything great who doesn't begin on a small scale.

Mr. and Mrs. E. Donnelly and little daughter Mildred, motored to Nanton Sunday.

Mr. and Mrs. Carl Bahrke and family motored to Waterton lakes Thursday.

Mrs. J. A. Prater's father, Mr. Swartz of Oregon is visiting in the Brant vicinity.

Mr. and Mrs. Frank Heckle and family, visited their farm near Ensign Tuesday.

Mrs. Dad. Fletcher called at the home of Mrs. Frank Johnson's Wednesday evening.

Masters Lee and Laurence St. Clair have as their guest their cousin Harvey Ricketts of Drumheller.

Mr. and Mrs. D. Harper and son Ernest, returned from their camping trip in the foothills Wednesday.

A number of people from the Brant district attended the U. F. A. picnic in Hight River, Thursday, July 27.

Mr. and Mrs. Sam Stewart were afternoon callers at the home of Mr. and Mrs. Harry Christiansen Thursday.

Messrs. N. Dwigans, R. Dwigans and B. Elston were Sunday afternoon callers at the home of Harry Christiansen.

There is not much news direct in Brant as there are some aristocrats who feel above having their names mentioned in these Hard Luck items.

Mr. and Mrs. J. Edwards and little son of Chancellor, motored to Brant Saturday so Mrs. Edwards could care for her mother, Mrs. Eversman, who is sick.

Mrs. Joe Heckle went to Calgary Monday to meet Mr. Heckle who had been in Langdon the past two weeks. They both returned home Tuesday morning.

Mr. and Mrs. Clyde Roach of Black Diamond motored to the Brant vicinity Sunday to get their daughter Armeta, who has spent the past two weeks with the Heckle girls.

"Servie Is Our Middle Name"

Mrs. T. J. Parker and daughter Mary returned home Saturday night from several weeks visit at Chesterfield, Utah, where they were the guests of Mrs. Parkers' parents.

If the Greenfield government intends to do anything about a round table conference aimed at settling the coal strike now is the time for action. Delay now is dangerous and serious.

Rev. Mr. J. Fawcett will leave for Gull Lake to spend his vacation with his family who are at that place. Rev. Mr. North and Johnson will fill his place at Brant, Blackie and Gladys during his absence.

Madame M. V. St. Clair who has been visiting her son, L. J. St. Clair and family the past two months, left Saturday morning for Banff and Lake Louise to enjoy the beauty of the mountains, from there she will return to her home in Chicago.

Quite an accident occurred Thursday morning in the Brant district when little Victor Braunschworth, son of Mr. and Mrs. John Braunschworth, in some way slipped with the furrion while he was following his brothers plow and in such a way cut his foot so badly that he had to be rushed to High River hospital where it became necessary to amputate two of his toes. The last report Victor was getting along nicely.

SYLVAN LAKE

Sylvan Lake is situated in a little corner of Alberta, surrounded by hills and dunes, that are covered with trees and a profusion of flowers. The sandy beach with the shallow water extending for several rods, affords the children ideal recreation grounds. The "older children" are not content with shallow water, but take a boat and "gently row" out to the bulrushes where a fish is awaiting every hook that is cast. The water which is about eight or ten feet deep, is so clear that the fish can be seen lying in the water.

Vulcan is well represented. The old and young alike enjoy a plunge into the refreshing water.

On Friday, July 21, Mrs. Nels Johnson, gave a picnic party in honor of her mother, Mrs. T. R. Farrand and sister Mae, who left for Vulcan on Saturday. Mr. Jennejohn turned the picnic party into a boating party, where about twenty-five Vulcanites and would be Vulcanites enjoyed the bountiful repast, while gliding on the placid waters, with no flies in the butter, no ants in the cream, nor mosquitoes buzzing round.

Mrs. N. B. Wilson, spent a few days in Calgary last week.

DAD O'SHEA AND THE SPEED DEMON

Dad O'Shea owns an extensive apple orchard, and he and his five stalwart sons run it "to suit ourselves," though not, always with the best results. Across the way Raymond Barlow, an Eastern college man and "book farmer," owns an equally extensive orchard and somehow, much to Dad's chagrin, succeeds in making money out of it. Dad seems to take it as a personal affront that Barlow actually makes a financing success of orcharding.

But in spite of limited returns from crops Dad bought a showy, six-cylinder touring car. "Now I'm warnin' ye," he said to his sons, "she ain't fer you young fellers to bat around the country! Recollect she cost around as much as a house. Tin mile an hour's enough over these roads, and I'm ridin' wid ye to see that it's kept."

One day when they were driving homeward a little horn squawked behind them on the narrow road.

"Step on her, Frank!" urged Al.

"Speed her up!"

"Ye'll do nawthin' of the kind," declared Dad. "Ye know what I told ye."

"Aw, it's only Ray Barlow; he can get by," said Jim, glancing through the back window.

"Ray Barlow!" cried Dad. "Step on 'er, Frank. Speed 'er up! Shake every bolt and nut af 'er, by crickets! Let's see what she'll do fer want!"

The penguins of the antarctic regions are the most human of all the bird family, walking upright and living in communities, quite unafraid of man.

The Agricultural hall at Stettler was destroyed by fire on July 29. Loss was about \$3,500.

THE LIQUOR LAW

Commissioner E. S. Bishop of the liquor administration, returned recently from a hurried visit to the capitals of Saskatchewan, Manitoba and Ontario where he went for the purpose of investigating the methods and policies of the liquor administration.

Mr. Bishop was able to gather some official information in the provinces visited with respect to the progress being made in the enforcement of prohibition laws, and stated, that in spite of many difficulties encountered, by all the governments, there was a steady and unmistakable improvement in the situation in the case of all these provinces. This though, does not mean that there were not some unsatisfactory conditions, for in each province there were phases of the problem that were giving the authorities trouble, and there were also some sections, which generally included the larger cities or border points, where infractions of the law were still too common. As in the case of Alberta, there has been some increase in all of these provinces in the matter of illicit stills, but this was interpreted not as being a reflection on the efficiency of law enforcement, or as an indication that there was any great chance in the attitude of the public to prohibitory laws, but was rather the result of the success in the enforcement of the law. Other sources of supply are being dried up; warehouses were in some cases going out of business, and the thirsty fraternity have been compelled to resort to the highly unsatisfactory and somewhat dangerous practice of making their own liquor in these stills.

Police authorities, however, were actively meeting the situation, and seemed inclined to think that this source of trouble would in time subside just as others had done in the past. In Manitoba, for instance, while conditions in some centers were certainly not improving, and the election was very unsettling, when the province as a whole was considered and comparisons made with the days of the licensed bar, it was claimed by Chief Inspector McLean that, taking into account the increase in population, the statistics for drunkenness showed an improvement of over eighty per cent. In Ontario the chairman of the license commission, James Hales, K.C., stated that the number of prosecutions was showing a steady decline and this was attributed to decrease in the violations of the law, not to any relaxation in the activities of the police. In all three provinces it was stated that there was a noticeable improvement in the attitude of the public to the law, and instances were cited of men who had been guilty of violations, who had of their own

accord decided that they were through with it, and who had proved their good resolve by not giving the authorities any further trouble.

Mr. Bishop found the government organization for administering the liquor laws to be very efficient, and from the chief to the humblest member of the staff all were loyal and enthusiastic and of an unusually high moral type of public servant, and among them all was a feeling of confidence that the time was setting in for an improved public attitude towards liquor laws, which would undoubtedly mean a decrease in the number of violations.

Lecturing on "Seeing Life Whole."
Fourth day at Chautauqua

THANKSGIVING LOAN

Hon. Mr. Fielding is shrewd. And he understands human nature. And knowing these things a lot of people are wondering if he will not bring his new loan out at Thanksgiving time, early in November.

To make a big domestic loan a success there must be an appeal to the great mass of the people. Given a good crop, returning industrial prosperity and an opening up of newer areas of natural resources what could be more successful than a National Thanksgiving Loan, it is asked.

The amount of the loan is as yet undecided. Mr. Fielding is going to Genoa and in the meantime is, as always, saying nothing. But it is likely to total about \$250,000,000. The needs of the country are closer to the \$350,000,000 mentioned in the authorization granted by Parliament but not all is needed now.

VULCAN BAKERY

Fresh Bread and Pastries Every Day

VULCAN CUNNINGHAM ALBERTA

Vulcan Chautauqua Program

FIRST DAY—SATURDAY, AUGUST 5TH

Afternoon
Opening Announcements for the Week.....Chautauqua Superintendent
Concert, Music and Sketches.....All Sisters Saxophone Quartet
Admission 50c
Night
Concert Prelude.....All Sisters Saxophone Quartet
Lecture—"Re-Creation Through Recreation"....Capt. T. Dinsmore Upton
Admission 75c.

SECOND DAY—MONDAY, AUGUST 7TH

Afternoon
Grand Concert.....The Adanacs, All Canadian Quartet
Admission 50c
Night
Concert Prelude.....The Adanacs, H. Ruthven McDonald, Mgr.
Lecture—"Family Remedies".....Herbert Leon Cope
Admission 75c.

THIRD DAY—TUESDAY, AUGUST 8TH

Afternoon
Concert Prelude.....Eller-Willoughby Ladies' Orchestra
Lecture—"Present Day Problems of Self-Government in the British Empire".....Alexander Thomson, of London, England
Admission 75c.
Night
Grand Concert.....Eller-Willoughby Ladies' Orchestra
Fenwick Newell, Canadian Lyric Tenor.
Admission \$1.00

FOURTH DAY—WEDNESDAY, AUGUST 9TH

Afternoon
Concert Prelude, "The One-Man Band".....Emory M. Parnell
Lecture—"Seeing Life Whole".....William H. Stout
Admission 75c.
Night
Concert Prelude, Something Different.....Emory M. Parnell
Lecture—"Storm Tossed Russia".....Moritz G. Hindus
Admission 75c.

FIFTH DAY—THURSDAY, AUGUST 10TH

Afternoon
Rest—Guess what Mrs. Temple's Telegram contained.
Night
Reed Metropolitan Players present English Comedy
"Mrs. Temple's Telegram"
Admission \$1.00

SIXTH DAY—FRIDAY, AUGUST 11TH

Afternoon
Lecture Entertainment—Chief Strongheart, on interesting Chronological Outline of the Red Man, "From Peace Pipe to War Trail and Back Again".
Admission 75c.
Night
An Evening of Mystery and Magic by the Man Who Mystifies.....Davis, Master Magician
Admission 75c.

Painting and Decorating

Add beauty and value by Painting your Premises,
House Exteriors Painted, Interiors Decorated.
Be proud of your Home and Business Place.
Automobile Painting and Finishing.
It is Cheaper to Paint than Not to Paint.
Estimates furnished on your requirements.
